Los Angeles, CA 90038

NOTICE OF UNLICENSED OPERATION

Case Number: EB-FIELDWR-13-00009104
Document Number: W201332900006

On May 10, 2013, in response to a report of an unauthorized repeater station, agents from the Enforcement Bureau's Los Angeles Office confirmed by direction finding techniques that radio signals on a frequency of 157.665 MHz were transmitting from your mobile and base stations located at 6800 Melrose Avenue in Hollywood, California and were controlled and communicating using a repeater station operating on 152.405 MHz. The Commission's records do not show an authorization issued to Community Auto Service or an authorization for either of these frequencies at this location, therefore it has been determined that the operation is occurring without Commission authorization.

You are hereby warned that operation of radio transmitting equipment without a valid radio station authorization constitutes a violation of the Federal laws cited above and could subject the operator of this illegal operation to severe penalties, including, but not limited to, substantial monetary forfeitures, *in rem* arrest action against the offending radio equipment, and criminal sanctions including imprisonment. (See 47 U.S.C. §§ 401, 501, 503 and 510.)

UNLICENSED OPERATION OF THIS RADIO STATION MUST BE DISCONTINUED IMMEDIATELY.

You have ten (10) days from the date of this notice to respond with any evidence that you have authority to operate granted by the FCC. Your response should be sent to the address in the letterhead and reference the listed case and document number. Under the Privacy Act of 1974, 5 U.S.C. § 552a(e)(3), we are informing you that the Commission's staff will use all relevant material information before it to determine what, if any, enforcement action is required to ensure your compliance with FCC Rules. This will include any information that you disclose in your reply.

You may contact this office if you have any questions.

Charles A. Cooper
District Director
Los Angeles Office
Western Region
Enforcement Bureau
